

May I receive... light and healing; may they reflect the oneness of all life, may they  
... of my heart's own path, and may they build a bridge  
... the world! May I be guided by compassion in my  
... to a  
... and for  
... stand for  
... accept  
... and may I choose to recognize the sacredness of every  
... and  
... build a bridge of peace that reaches 'round the world!
